

Apprenticeship PLUMBING, HEATING & VENTILATING ENGINEERING

Level 2

Length 1 year day release

Location St Neots Skills Campus

Entry Requirements

The recommended requirements are 4 GCSEs at grade C, including Maths, Science and English. It is recommended. You will need to be capable of working on your own initiative, able to work within the Health & Safety requirements and have an interest in the built environment. You will require an assessment test and interview.

Description

This is a new course for those wishing to undertake an Apprenticeship in Plumbing, Ventilating and Heating. It leads to a City & Guilds qualification (C&G 6128).

About the Course

This course specialises in developing plumbing skills including units in:

- * Safe Working Practices
- * Installation of Domestic Systems
- * Boilers and Heating Systems
- * Sanitary Systems and Drainage
- * Health & Safety
- * Handling Materials

How you are Assessed

The assessment of practical skills will be continuous throughout the programme and your knowledge and understanding will be assessed through written assignments and external examinations. You will be expected to build a portfolio of evidence of your plumbing work and you will need to show good compliance to Health & Safety throughout the course.

Progression Routes

On completion of a level 2 Apprenticeship you would be eligible to apply for a level 3 Advanced Apprenticeship in Heating and Ventilating.

Additional Information

Additional information can be obtained at interview.

Key Skills/Functional Skills – you will be expected to achieve these at the appropriate level if you do not have evidence of GCSE Grade C in relevant subjects, obtained within the last 5 years.

Employment rights and responsibilities (ERR): A short, separate assignment is required to evidence the apprentice's understanding of their employment rights and responsibilities.

Please note that students will need to supply their own overall (as required), safety boots (as required), pen, pencil, paper and scientific calculator

For a full Apprenticeship you are also required to undertake an appropriate NVQ level 2
