

Apprenticeship MOTOR VEHICLE MAINTENANCE & REPAIR

Level 2

Length 1 Year

Location HRC

Entry Requirements

Applicants should have attained a minimum of 4 GCSEs Grade D or above to include Maths and English. Students will be invited in for an interview and an initial assessment. Due to the requirements of the course students must have a good understanding of motor vehicles.

Description

Students will obtain a Level 2 City and Guilds qualification and can be classed semi skilled

About the Course

The course is mainly workshop based with one day theory. Students will study: operation and repair of all vehicle systems and Fault finding on the following system: engine, ignition and cooling, fuel and exhaust, electrical systems, brakes, suspension and steering.

How you are Assessed

Students will be assessed carrying out practical tasks and construct a portfolio. An on-line exam will be required for each unit the student undertakes.

Progression Routes

Apprentices can progress to the Advanced Apprenticeship at level 3 then into Higher Education of a Management programme.

Additional Information

Additional information can be obtained at interview.

Key Skills/Functional Skills – you will be expected to achieve these at the appropriate level if you do not have evidence of GCSE Grade C in relevant subjects, obtained within the last 5 years.

Employment rights and responsibilities (ERR): A short, separate assignment is required to evidence the apprentice's understanding of their employment rights and responsibilities.

Please note that students will need to supply their own overall (as required), safety boots (as required), pen, pencil, paper and calculator etc

For a full Apprenticeship you are also required to undertake an appropriate NVQ at level 2.
